Dear Commissioners,

Please support the Communities Plan for Missoula County. It keeps all small towns intact in the county and recognizes shared urban and suburban communities of interest in the area. The Communities Plan reflects the importance of heavily traveled transportation networks in the region. These transportation networks play an important role in commerce and trade. Like the current districts, the Communities Plan allows Missoula County legislators to listen to diverse interests from within the county, rather than forcing them to narrowly focus on residents from within city limits or solely concentrate on those outside city limits.

I support the Communities Plan because it:

- Guarantees our constitutional right of one person, one vote,
- Respects existing communities across Montana, including small towns, rural communities, cities, and suburban areas,
- Keeps intact more small towns than any other proposed plan,
- Provides strong protection of minority voting rights, so American Indian citizens can fully participate in our political process, and
- Creates a fair balance so that no one political party gains monopoly control of the Legislature.

Please support the Communities Plan for Missoula County. It keeps all small towns intact in the county and recognizes shared urban and suburban communities of interest in the area. The Communities Plan reflects the importance of heavily traveled transportation networks in the region. These transportation networks play an important role in commerce and trade. Like the current districts, the Communities Plan allows Missoula County legislators to listen to diverse interests from within the county, rather than forcing them to narrowly focus on residents from within city limits or solely concentrate on those outside city limits.

I support the Communities Plan because it:

- Guarantees our constitutional right of one person, one vote,
- Respects existing communities across Montana, including small towns, rural communities, cities, and suburban areas,
- Keeps intact more small towns than any other proposed plan,
- Provides strong protection of minority voting rights, so American Indian citizens can fully participate in our political process, and
- Creates a fair balance so that no one political party gains monopoly control of the Legislature.
