Last Interim Meeting of the Energy and Telecommunications Interim Committee

The Energy and Telecommunications Interim Committee will hold its final meeting of the Interim on September 7th in Helena in Room 137 of the Capitol Building.

During this meeting a representative of the Governor's Office will overview a range of energy-related activities that the Governor has been, or plans to be, engaged in. The Commissioner of the Public Service Commission will provide an update on the PSC's work and also address several of the bills which the committee will be considering for approval at this meeting.

Committee consideration will be given to the following draft report and bills. There will be opportunity for public comment on each individual item:

LC-0038: State Transmission and Transportation Authority
LC-0039: Revision of Telecommunication Laws
LC-0089: CO2 Equipment Property Tax Exemption
LC-0090: CO2 Pipeline Common Carrier Status
LC-0188: Enhanced Wireless 9-1-1
LC-0170: Reform of Title 69, Chapter 8, Deregulation Laws
SJR-36: White Paper report on Distributed Energy Generation

Your attendance is encouraged and appreciated.
