Interstate Compact on Educational Opportunity for Military Children

Background & Summary

Military families move between postings on a regular basis. While reassignments can often be a boon for career personnel, they usually play havoc with the children of military families: losing and making new friends, adjusting to new cities and bases and changing schools. While the armed services has taken great leaps to ease the transition of personnel, their spouses and most importantly children, much remains to be done at the state and local levels to ensure that the children of military families are afforded that same opportunities for educational success as other children and are not penalized or delayed in achieving their educational goals by inflexible administrative and bureaucratic practices.

The average military student faces transition challenges more than twice during high school and most military children will have six to nine different school systems in their lives from kindergarten to 12th grade. With more than half of all military personnel supporting families, the impacts of reassignment and long deployments are a key consideration when making long-term life choices.

Specific impacts on military children include:

- **Transfer of Records** - Official transcripts for military-affiliated children often come from other states or overseas schools. Children are placed incorrectly because some schools refuse to accept hand-carried copies until the official version arrives. Because of the possible time lapse between entry into school and the arrival of school records, this process jeopardizes proper placement for all students and, in particular, those involved in Special Education, Gifted Education, English as a Second Language, and Advanced Placement Courses.
- **Course Sequencing** - States have varying prerequisite course requirements that can result in thwarting students' academic advancement, repeating content or eliminating students from Honors or Advanced Placement courses.
- **Graduation Requirements** - Graduation requirements vary from state to state. In some states, specific courses are required for graduation. The graduation of military students who transfer during their junior or senior year may be jeopardized if they are unable, due to state or local policies or scheduling constraints, to enroll in the necessary coursework.
- **Exclusion from Extra-Curricular Activities** - Students who enroll in school after auditions, tryouts, elections and membership recruitments are often eliminated from activities that promote socialization and connectedness to their new school community. Often their skills and talents are not recognized or developed or are placed on "hold" because they are seen as transient or having arrived "too late." Organizations such as the National Honor Society permit local entrance requirements that can eliminate students even when they have been members in their previous school.

- **Redundant or Missed Entrance/Exit Testing** - Children who move frequently can be penalized for missing state mandated tests required to enter or exit various levels of the educational system. Tests are often specific to the state and therefore, entrance/exit tests taken in another state, are not recognized.
- **Kindergarten and First Grade Entrance Age Variances** - Children enrolled in Kindergarten in one state may not qualify by age when transferred during the year to another state. Children who have completed Kindergarten in another state are sometimes denied entry into first grade if they do not meet the age requirement.
- **Power of Custodial Parents While Parents are Deployed** - Due to circumstances created by military deployment, there are times when children are placed in the care of designated guardians. Legislation is needed to protect the children of these families so that they may continue to attend their school or relocate to the neighborhood school of their newly appointed guardian.

The new Interstate Compact on Educational Opportunity for Military Children addresses these issues as well as compact enforcement, administration, finances, communications, data sharing and training. The new compact establishes an independent compact operating authority, the Interstate Commission, which will be positioned to address future interstate problems and issues as they arise.

The development of interstate and intrastate solutions to these issues is of paramount importance to military families. While armed services personnel are serving our country, their children may, more often than not, be adversely affected by these and other educational policies. While many states and communities have responded on an ad hoc basis to ease the shift of military children, no comprehensive policy approach exists to improve the long-term educational transitions and outcomes of this constituency.

What is a compact?

Simply stated, a compact is an agreement between two or more states for cooperative effort, mutual assistance, management, and regulation of public policy matters by the states, which transcend the boundaries of one state. Authorized under Article I of the U.S. Constitution and dating as far back as the 1780s, compacts have been created to address a wide variety of issues that arise among the states. Many of the earliest compacts were designed to settle boundary disputes.

Throughout the 20th century, compacts became increasingly relied upon to manage and regulate state concerns in diverse areas such as environmental resource management, multi-state taxation, transportation, corrections, crime control and juvenile justice. States ratifying compacts are bound to observe the terms of the agreement until the compact is formally renounced by the state. Compact provisions take precedence over conflicting state laws and inconsistent provisions of existing laws of a compact state.

Solutions for the Future

The Council of State Governments (CSG), in cooperation with the U.S. Department of Defense Office of Personnel and Readiness, has drafted a new interstate compact that addresses the educational transition issues of children of military families. Since July 2006, CSG has worked with a variety of federal, state and local officials as well as national stakeholder organizations representing education groups and military families to create the new interstate agreement.

While the compact is not exhaustive in its coverage, it does address the key issues encountered by military families: eligibility, enrollment, placement and graduation. In addition, the compact provides for a detailed governance structure at both the state and national levels with built-in enforcement and compliance mechanisms.

Applicability

The new compact applies to the children of:

- Active duty members of the uniformed services, including members of the National Guard and Reserve on active duty orders;
- Members or veterans of the uniformed services who are severely injured and medically discharged or retired for a period of one (1) year after medical discharge or retirement; and
- Members of the uniformed services who die on active duty or as a result of injuries sustained on active duty for a period of one (1) year after death.

The new compact does not apply to children of:

- Inactive members of the national guard and military reserves;
- Members of the uniformed services now retired not covered above;
- Veterans of the uniformed services not covered above; and
- Other U.S. Dept. of Defense personnel and other federal agency civilian and contract employees not defined as active duty members of the uniformed services.

Enrollment

- Educational Records - the new compact provides that schools must share records in a timely manner in order to expedite the proper enrollment and placement of students. If the sending school cannot provide the parent a copy of the official record, an unofficial copy will be provided that may be hand carried to the school in lieu of the official record. This unofficial record can then be used for preliminary placement while the school sends for the official record. Once requested, the sending school has 10 days to provide the official record to the receiving school.
- Immunizations – the new compact provides for specific timelines, in this case 30 days from the date of enrollment, for students to obtain required immunizations in the receiving state.

- Age of Enrollment/Course Continuation – the compact requires, absent a new enrollment in Kindergarten, that a student shall be allowed to continue their enrollment at grade level in the receiving state commensurate with their grade level from the sending state. For example, if a student is enrolled and attends Kindergarten at the age of 5 in State A and transfers to State B, the student would be allowed to continue in Kindergarten despite State B's entrance age of 6 years. Further, the compact allows for such continuity of enrollment when a student has completed Kindergarten and is ready for enrollment in First Grade. For example, if a student has completed Kindergarten in State A and transfers to State B, the student would be allowed to enter First Grade despite State B's entrance age of 6 or 7 years.

Eligibility

- Power of Attorney - special power of attorney, relative to the guardianship of a child of a military family and executed under applicable law shall be sufficient for the purposes of enrollment and all other actions requiring parental participation and consent.
- Tuition - a local education agency shall be prohibited from charging local tuition to a military child placed in the care of a non-custodial parent or other person standing in loco parentis who lives in a jurisdiction other than that of the custodial parent.
- Non-custodial parents - a military child, placed in the care of a non-custodial parent or other person standing in loco parentis who lives in a jurisdiction other than that of the custodial parent, may continue to attend the school in which he/she was enrolled while residing with the custodial parent.
- Extracurricular activities - state and local education agencies shall facilitate the opportunity for military children's inclusion in extracurricular activities to the extent they are otherwise qualified.

Placement

- Course placement / Educational Program placement - when the student transfers before or during the school year, the receiving state school shall initially honor placement of the student in educational courses based on the student's enrollment in the sending state school and/or educational assessments conducted at the school in the sending state if the courses are offered. Course placement includes but is not limited to Honors, International Baccalaureate, Advanced Placement, vocational, technical and career pathways courses. Continuing the student's academic program from the previous school and promoting placement in academically and career challenging courses should be paramount when considering placement. This does not preclude the school in the receiving state from performing subsequent evaluations to ensure appropriate placement and continued enrollment of the student in the course(s).
- Special education services – 1) In compliance with the federal requirements of the Individuals with Disabilities Education Act (IDEA), 20 U.S.C.A. Section 1400 et seq, the receiving state shall initially provide comparable services to a student with disabilities based

on his/her current Individualized Education Program (IEP); and 2) In compliance with the requirements of Section 504 of the Rehabilitation Act [insert federal statutory reference] and with Title II of the Americans with Disabilities Act [insert federal statutory reference] the receiving state shall make reasonable accommodations and modifications to address the needs of incoming students with disabilities, subject to an existing 504 or Title II Plan, to provide the student with equal access to education. This does not preclude the school in the receiving state from performing subsequent evaluations to ensure appropriate placement of the student.

- Placement flexibility – local education agency administrative officials shall have flexibility in waiving course/program prerequisites, or other preconditions for placement in courses/programs offered under the jurisdiction of the local education agency.
- Absence as related to deployment activities – a student whose parent or legal guardian is an active duty member of the uniformed services, as defined by the compact, and has been called to duty for, is on leave from, or immediately returned from deployment to a combat zone or combat support posting, shall be granted additional excused absences at the discretion of the local education agency superintendent to visit with his or her parent or legal guardian prior to leave or deployment of the parent or guardian.

Graduation

- Waiver requirements – local education agency administrative officials shall waive specific courses required for graduation if similar course work has been satisfactorily completed in another local education agency or shall provide reasonable justification for denial. Should a waiver not be granted to a student who would qualify to graduate from the sending school, the local education agency shall provide an alternative means of acquiring required coursework so that graduation may occur on-time.
- Exit exams - states shall accept: 1) exit or end-of-course exams required for graduation from the sending state; or 2) national norm-referenced achievement tests or 3) alternative testing, in lieu of testing requirements for graduation in the receiving state. In the event the above alternatives cannot be accommodated by the receiving state for a student transferring in his or her Senior year, then the provisions of Article VII, Section C shall apply (as outlined below).
- Transfers during Senior year – Should a military student transferring in his or her Senior year be ineligible to graduate from the receiving local education agency after all alternatives have been considered, the sending and receiving local education agencies shall ensure the receipt of a diploma from the sending local education agency, if the student meets the graduation requirements of the sending local education agency. In the event that one of the states in question is not a member of this compact, the member state shall use best efforts to facilitate the on-time graduation of the student.

State Coordination

- State Council – each state with adoption of the Compact, is required to develop a State Council to provide for the coordination among its agencies of government, local education agencies and military installations concerning the state's participation in, and compliance with, this compact. While each member state may determine the membership of its own State Council, its membership must include at least: the state superintendent of education, superintendent of the school district with a high concentration of military children, representative from a military installation, one representative from the legislative, and executive branches of government, and other offices and stakeholder groups the State Council deems appropriate.
- Military Family Education Liaison - the Principal Deputy Undersecretary of Defense for Personnel and Readiness shall appoint or designate a military family education liaison to the State Council of each member state to assist military families and the state in facilitating the implementation of this compact.

National Coordination

- Interstate Commission – the governing body of the Interstate Compact is currently composed of representatives from 35 member states as well as various ex-officio members representing impacted stakeholder groups. The Interstate Commission, also known as the Military Interstate Children's Compact Commission, provides general oversight of the Compact, creates and enforces rules governing the Compact's operation and promotes training and compliance with the Compact's requirements. Each state has one vote on compact matters. Voting privileges reside with the State Commissioner or their formal approved delegate. The Commission maintains an executive committee and four standing committees, Rules, Finance, Compliance and Training, Education and Public Relations. Rather than states operating under this interstate compact without any national coordination, the Interstate Compact and Commission provide the vehicle for solving interstate issues and disputes. The Commission also provides for a national staff that handles the administrative, logistical, public affairs, legal, legislative, and training functions.
- Rulemaking – the Interstate Commission has drafted and enforces rules for the operation of the compact. While the interstate compact mechanism provides the skeletal structure of the agreement, the rules are the muscles or actuators of the contract. The Compact is basic in its scope and intent, therefore compelling the rules and rulemaking process to be dynamic in its ability to respond to changing issues without rewriting the Compact at every turn. However, a rule may be voided should a majority of member state legislatures revoke the rule (check and balance).
- Enforcement – the Interstate Commission has the ability to enforce the provisions of the Compact and its rules on States and school districts. Without enforcement and compliance power, the Compact becomes a toothless tiger – a set of good ideas under which no one feels compelled to abide. With enforcement capacity, the Compact can force states and districts to comply for the good of military children. Of course, such action could only be undertaken by the Commission itself, i.e. the state members.

Effective Date

- 10 or more states – the Interstate Compact became active with the adoption by 10 states in July 2008. Today, 41 states have adopted the Compact and incorporated it into their state statutes. The Commission in concert with the Department of Defense, is working diligently to get the Compact adopted in all 50 states and 5 U.S. territories.

 2. A majority of the total member states shall constitute a quorum for the transaction of business, unless a larger quorum is required by the bylaws of the Interstate Commission.
 3. A representative shall not delegate a vote to another member state. In the event the compact commissioner is unable to attend a meeting of the Interstate Commission, the Governor or State Council may delegate voting authority to another person from their state for a specified meeting.

4. The bylaws may provide for meetings of the Interstate Commission to be conducted by telecommunication or electronic communication.
- C. Consist of ex-officio, non-voting representatives who are members of interested organizations. Such ex-officio members, as defined in the bylaws, may include but not be limited to, members of the representative organizations of military family advocates, local education agency officials, parent and teacher groups, the U.S. Department of Defense, the Education Commission of the States, the Interstate Agreement on the Qualification of Educational Personnel and other interstate compacts affecting the education of children of military members.

The executive committee shall oversee the day-to-day activities of the administration of the compact including enforcement and compliance with the provisions of the compact, its bylaws and rules, and other such duties as deemed necessary. The U.S. Dept. of Defense, shall serve as an ex-officio, nonvoting member of the executive committee.

- F. B. The Interstate Commission shall, by a majority of the members, elect annually from among its members a chairperson, a vice-chairperson, and a treasurer, each of whom shall have such authority and duties as may be specified in the bylaws. The chairperson or, in the chairperson's absence or disability, the vice-chairperson, shall preside at all meetings of the Interstate Commission. Commission may deem appropriate. The executive director shall serve as secretary to the Interstate Commission, but shall not be a Member of the Interstate Commission. The executive director shall hire and supervise such other persons as may be authorized by the Interstate Commission.

D. The Interstate Commission's executive director and its employees shall be immune from suit and liability, either personally or in their official capacity, for a claim for damage to or loss of property or personal injury or other civil liability caused or arising out of or relating to an actual or alleged act, error, or omission that occurred, or that such person had a reasonable basis for believing occurred, within the scope of Interstate Commission employment, duties, or responsibilities; provided, that such person shall not be protected from suit or liability for damage, loss, injury, or liability caused by the intentional or willful and wanton misconduct of such person.

ARTICLE XII

RULEMAKING FUNCTIONS OF THE INTERSTATE COMMISSION

- A. Rulemaking Authority - The Interstate Commission shall promulgate reasonable rules in order to effectively and efficiently achieve the purposes of this Compact. Notwithstanding the foregoing, in the event the Interstate Commission exercises its rulemaking authority in a manner that is beyond the scope of the purposes of this Act, or the powers granted hereunder, then such an action by the Interstate

Commission shall be invalid and have no force or effect.

- B. Rulemaking Procedure - Rules shall be made pursuant to a rulemaking process that substantially conforms to the "Model State Administrative Procedure Act," of 1981 Act, Uniform Laws Annotated, Vol. 15, p.1 (2000) as amended, as may be appropriate to the operations of the Interstate Commission.
- C. Not later than thirty (30) days after a rule is promulgated, any person may file a petition for judicial review of the rule; provided, that the filing of such a petition shall not stay or otherwise prevent the rule from becoming effective unless the court finds that the petitioner has a substantial likelihood of success. The court shall give deference to the actions of the Interstate Commission consistent with applicable law and shall not find the rule to be unlawful if the rule represents a reasonable exercise of the Interstate Commission's authority.
- D. If a majority of the legislatures of the compacting states rejects a Rule by enactment of a statute or resolution in the same manner used to adopt the compact, then such rule shall have no further force and effect in any compacting state.

ARTICLE XIII

OVERSIGHT, ENFORCEMENT, AND DISPUTE RESOLUTION

- A. Oversight
 - 1. The executive, legislative and judicial branches of state government in each member state shall enforce this compact and shall take all actions necessary and appropriate to effectuate the compact's purposes and intent. The provisions of this compact and the rules promulgated hereunder shall have standing as statutory law.

3. The Interstate Commission shall be entitled to receive all service of process in any such proceeding, and shall have standing to intervene in the proceeding for all purposes. Failure to provide service of process to the Interstate Commission shall render a judgment or order void as to the Interstate Commission, this compact or promulgated rules.

B. Default, Technical Assistance, Suspension and Termination - If the Interstate Commission determines that a member state has defaulted in the performance of its obligations or responsibilities under this compact, or the bylaws or promulgated rules, the Interstate Commission shall:

1. Provide written notice to the defaulting state and other member states, of the nature of the default, the means of curing the default and any action taken by the Interstate Commission. The Interstate Commission shall specify the conditions by which the defaulting state must cure its default.
2. Provide remedial training and specific technical assistance regarding the default.
3. If the defaulting state fails to cure the default, the defaulting state shall be terminated from the compact upon an affirmative vote of a majority of the member states and all rights, privileges and benefits conferred by this compact shall be terminated from the effective date of termination. A cure of the default does not relieve the offending state of obligations or liabilities incurred during the period of the default.
4. Suspension or termination of membership in the compact shall be imposed only after all other means of securing compliance have been exhausted.

Notice of intent to suspend or terminate shall be given by the Interstate Commission to the Governor, the majority and minority leaders of the defaulting state's legislature, and each of the member states.

5. The state which has been suspended or terminated is responsible for all assessments, obligations and liabilities incurred through the effective date of suspension or termination including obligations, the performance of which extends beyond the effective date of suspension or termination.
6. The Interstate Commission shall not bear any costs relating to any state that has been found to be in default or which has been suspended or terminated from the compact, unless otherwise mutually agreed upon in writing between the Interstate Commission and the defaulting state.
7. The defaulting state may appeal the action of the Interstate Commission by petitioning the U.S. District Court for the District of Columbia or the federal district where the Interstate Commission has its principal offices. The prevailing party shall be awarded all costs of such litigation including reasonable attorney's fees.

C. Dispute Resolution

1. The Interstate Commission shall attempt, upon the request of a member state, to resolve disputes which are subject to the compact and which may arise among member states and between member and non-member states.
2. The Interstate Commission shall promulgate a rule providing for both mediation and binding dispute resolution for disputes as appropriate.

D. Enforcement

1. The Interstate Commission, in the reasonable exercise of its discretion, shall enforce the provisions and rules of this compact.

2. The Interstate Commission, may by majority vote of the members, initiate legal action in the United State District Court for the District of Columbia or, at the discretion of the Interstate Commission, in the federal district where the Interstate Commission has its principal offices, to enforce compliance with the provisions of the compact, its promulgated rules and bylaws, against a member state in default. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary the prevailing party shall be awarded all costs of such litigation including reasonable attorney's fees.
3. The remedies herein shall not be the exclusive remedies of the Interstate Commission. The Interstate Commission may avail itself of any other remedies available under state law or the regulation of a profession.

ARTICLE XIV

FINANCING OF THE INTERSTATE COMMISSION

- A. The Interstate Commission shall pay, or provide for the payment of the reasonable expenses of its establishment, organization and ongoing activities.
- B. The Interstate Commission may levy on and collect an annual assessment from each member state to cover the cost of the operations and activities of the Interstate Commission and its staff which must be in a total amount sufficient to cover the Interstate Commission's annual budget as approved each year. The aggregate annual assessment amount shall be allocated based upon a formula to be determined by the Interstate Commission, which shall promulgate a rule binding upon all member states.

- C. The Interstate Commission shall not incur obligations of any kind prior to securing the funds adequate to meet the same; nor shall the Interstate Commission pledge the credit of any of the member states, except by and with the authority of the member state.

- D. The Interstate Commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the Interstate Commission shall be subject to the audit and accounting procedures established under its bylaws. However, all receipts and disbursements of funds handled by the Interstate Commission shall be audited yearly by a certified or licensed public accountant and the report of the audit shall be included in and become part of the annual report of the Interstate Commission.

ARTICLE XV

MEMBER STATES, EFFECTIVE DATE AND AMENDMENT

- A. Any state is eligible to become a member state.

- B. The compact shall become effective and binding upon legislative enactment of the compact into law by no less than ten (10) of the states. The effective date shall be no earlier than December 1, 2007. Thereafter it shall become effective and binding as to any other member state upon enactment of the compact into law by that state. The governors of non-member states or their designees shall be invited to participate in the activities of the Interstate Commission on a non-voting basis prior to adoption of the compact by all states.

- C. The Interstate Commission may propose amendments to the compact for enactment by the member states. No amendment shall become effective and binding upon the

Interstate Commission and the member states unless and until it is enacted into law by unanimous consent of the member states.

ARTICLE XVI

WITHDRAWAL AND DISSOLUTION

A. Withdrawal

1. Once effective, the compact shall continue in force and remain binding upon each and every member state; provided that a member state may withdraw from the compact by specifically repealing the statute, which enacted the compact into law.
2. Withdrawal from this compact shall be by the enactment of a statute repealing the same, but shall not take effect until one (1) year after the effective date of such statute and until written notice of the withdrawal has been given by the withdrawing state to the Governor of each other member jurisdiction.
3. The withdrawing state shall immediately notify the chairperson of the Interstate Commission in writing upon the introduction of legislation repealing this compact in the withdrawing state. The Interstate Commission shall notify the other member states of the withdrawing state's intent to withdraw within sixty (60) days of its receipt thereof.
4. The withdrawing state is responsible for all assessments, obligations and liabilities incurred through the effective date of withdrawal, including obligations, the performance of which extend beyond the effective date of withdrawal.
5. Reinstatement following withdrawal of a member state shall occur upon the withdrawing state reenacting the compact or upon such later date as determined by the Interstate Commission.

B. Dissolution of Compact

1. This compact shall dissolve effective upon the date of the withdrawal or default of the member state which reduces the membership in the compact to one (1) member state.
2. Upon the dissolution of this compact, the compact becomes null and void and shall be of no further force or effect, and the business and affairs of the Interstate Commission shall be concluded and surplus funds shall be distributed in accordance with the bylaws.

ARTICLE XVII

SEVERABILITY AND CONSTRUCTION

- A. The provisions of this compact shall be severable, and if any phrase, clause, sentence or provision is deemed unenforceable, the remaining provisions of the compact shall be enforceable.
- B. The provisions of this compact shall be liberally construed to effectuate its purposes.
- C. Nothing in this compact shall be construed to prohibit the applicability of other interstate compacts to which the states are members.

ARTICLE XVIII

BINDING EFFECT OF COMPACT AND OTHER LAWS
