NOTICE OF PUBLICATION OF CATEGORICAL EXCLUSION
CITY OF CONRAD, MONTANA

WATER SYSTEM IMPROVEMENTS

April 2, 2014

The Montana Department of Environmental Quality (DEQ) has reviewed the above-named project. The project consists of the replacement of approximately 6,000 linear feet of 6-inch PVC water transmission main, including fittings, valves and new fire hydrants.

Four potential contaminant sources, primarily underground or above ground petroleum storage tanks, were identified in the project area in Conrad. The contract documents will require the construction contractor to stop work and contact the project engineer and DEQ if either contaminated soils or groundwater are discovered during excavation for installation of water mains in Conrad.

Pursuant to ARM 17.40.318, the Department has concluded that the proposed project meets the Categorical Exclusion criteria of the National Environmental Policy Act (NEPA) and the Montana Environmental Policy Act (MEPA).

The documentation for the Categorical Exclusion is available for public review at the following locations:

Department of Environmental Quality
State Revolving Fund Loan Program
1520 East Sixth Avenue
Helena, MT 59601

City of Conrad
413 S Main Street
Conrad, MT 59425

Sincerely,

Todd Teegarden, Bureau Chief
Technical & Financial Assistance Bureau
Planning Prevention & Assistance Division
