

MEPA Report - DNRC - 2014 Quarter 2  
Submitted 7/2/2014

| Project Title  | Project Date     | MEPA Document Type       | Web Category                 | Document Summary  | Proponent                                   | Township (T), Range (R), Section (SEC) Tract Description   | Trusts Affected   | Water Source Affected (if applicable) | County        | Date of Approval |
|--|------------------|--------------------------|------------------------------|---|---|--|-------------------|---------------------------------------|---------------|------------------|
| 42M-30068595   | n/a              | Environmental Checklist  | Water Rights                 | The proposed change is in the place of use for the municipal water system for the City of Sidney. The proposed change will add additional places of use to the existing system. Expansion of the place of use for Sidney's water rights will cover current city limits as well as provide for future development. The purpose of this change enables the City of Sidney to provide quality water to more users. Proposed development of the additional place of use is to occur over the next 20 years. | City of Sidney                              | T23N, R59E S2 Sections 19-23, SW Section 24, W2 Section 25, Sections 26-35, W2 Section 36 T22N, R59E NW Section 1, N2 Section 2, Sections 3-9, N2 Section 10 T22N, R58E E2 Section 1, E2 Section 12 T23N, R58E E2 Section 24, E2 Section 25, E2 Section 36 |                   | Groundwater                           | Richland      | 7/1/2014         |
| McGinnis Riding SRUL   | 2014             | Categorical Exclusions   | Land Lease/Land Use Licenses | Issuing a Special Recreational Use License for recreational horseback riding, and transporting cattle to and from an adjacent, neighboring landowner's property.  | McGinnis Meadows Cattle and Guest Ranch     | Township 26N, Range 28W, Section 16  | Common Schools    | McGinnis Creek                        | Lincoln       | 6/23/2014        |
| Jonsson 17-1   | 6/27/2014        | Environmental Assessment | Oil and Gas                  | Jonsson 17-1; 21N-57E-17- SENW  | Fidelity Exploration and Production Company | 21N-57E-17- SENW   |                   |                                       | Richland      | 6/27/2014        |
| 41P-30068903   | 12/31/2014       | Environmental Assessment | Water Rights                 | The Applicant is proposing to appropriate water from a groundwater well located in the Eagle aquifer. The well will be pumped at flow rate of 275.00 gallons per minute (GPM) up to 202.30 acre feet (AF) of volume from January 1 to December 31 for municipal purposes. The place of use will be generally located in the town of Valier.   | Town of Valier                              | Twp. 30N, Rge. 05W Sections 3, 4, 33 and 34  |                   | Groundwater                           | Pondera       | 6/25/2014        |
| Highland Road Use LUL #1288 Addendum   | 2014             | Environmental Checklist  | Land Lease/Land Use Licenses | Hiland Operating LLC has requested the temporary use of an existing road located on T6N-R56E-Sec12. This road will be used provide temporary access to a pipeline construction project located on deeded land to the south. The requested road use is approximately .3 miles in length. The requested time frame for the use is expected to be approximately one year.  | Highland Operating, LLC                     | T6N-R56E-Sec 12  | Common Schools    |                                       | Fallon        | 6/19/2014        |
| 76D-30067178   | n/a              | Environmental Checklist  | Water Rights                 | The applicant proposes to divert water from Flower Creek, by means of a pipe, from March 1 through October 31 at 233 GPM (0.52 CFS) up to 129.75 AF, from a point in the SW¼ of Section 16, Township 30N, Range 31W, for irrigation use from April 15 through October 15 and commercial use for pond features on the Cabinet View Golf Course's back 9-holes from March 1 through October 31. The place of use is in the SW¼ and the NW¼ of Section 15, Township 30N, Range 31W, Lincoln County.        | Cabinet View Golf Course                    | SEC 15 & 16, TOWNSHIP 30N, RANGE 31W   |                   | Flower Creek                          | Lincoln       | 6/25/2014        |
| South Fitzpatrick Timber Sale  | Fall 2014        | Environmental Checklist  | Timber Sales                 | Montana Department of Natural Resources and Conservation (DNRC), Stillwater Unit, proposes to harvest approximately 4 to 5 million board feet of timber from the Stillwater State Forest. This project would produce an estimated \$729,655 in revenue for the Common Schools Trust.  | DNRC, Stillwater Unit                       | T34N, R24W, Sec. 2, 3, 4; T34N, R24W, Sec. 29, 30, 31, 32, 34.   | Common Schools    |                                       | Lincoln       | 6/18/2014        |

| BR Carda 1-29HSL   | 6/24/2014        | Environmental Assessment | Oil and Gas                  | BR Carda 1-29HSL; 25N-53E-29: NENE  | Continental Resources, Inc.                 | 25N-53E-29: NENE   |                   |                                       | Richland      | 6/25/2014        |
| Somont Section 36 Water Flood - Proposed Oil Wells - State 66, 67, 68, 69, and 70. | June 2014        | Environmental Checklist  | Oil and Gas                  | Somont Oil Company, Inc. has requested permission to drill five oil wells on state land. All five of the state wells are within the Somont Section 36 water flood unit which was previously approved by the Department. The wells will be drilled into the Swift formation to a total depth of 1,335.00'. State wells 66, 68, and 69 are located on land that is classified grazing. State wells 67 and 70 are located on land that is classified agricultural.   | Somont Oil Company, Inc.                    | Section 36, T35N, R2W  | Common Schools    |                                       | Toole         | 6/25/2014        |
| 76LJ-30067400  | n/a              | Environmental Assessment | Water Rights                 | The Applicant proposes to divert water from the Stillwater River by means of one pump, from April 15th – October 15th at 3.02 CFS up to 398 AF, from a point in SESWNW Sec 34, T30N, R22W, Flathead, MT. 207.8 acres will be irrigated under this permit.   | George W. Ingham II                         | Township 30N, Range 22W, Section 34  |                   |                                       | Flathead      | 6/24/2014        |
| 76N-30067400   | n/a              | Environmental Assessment | Water Rights                 | The Applicant proposes to divert water from the Stillwater River by means of one pump, from April 15th – October 15th at 3.02 CFS up to 398 AF, from a point in SESWNW Sec 34, T30N, R22W, Flathead, MT. 207.8 acres will be irrigated under this permit.   | George W. Ingham II                         | Township 30N Range 22W Section 34  |                   | Stillwater River                      | Flathead      | 6/24/2014        |
| 39F-30069481   | n/a              | Environmental Assessment | Water Rights                 | The Applicants are requesting a beneficial water use permit in order to divert up to 267 acre feet per year from Tie Creek to use for water spreading irrigation on 133.5 acres in Montana and South Dakota.  | Alvin and Marlee Cordell                    | Sec. 14 and 23, T4S, R62E  |                   |                                       | Carter        | 6/23/2014        |
| Denton Gulch Access LUL  | July 2014        | Environmental Checklist  | Land Lease/Land Use Licenses | The proposal is requesting permission move construction equipment across 0.28 miles of State land on an existing two - tract road. The use is temporary.  | Phil Wirth                                  | Township 15 N - Range 5 West - Section 8   | Pine Hills School |                                       | Lewis & Clark | 6/23/2014        |
| 43P-30069516   | n/a              | Environmental Assessment | Water Rights                 | The applicant proposes to authorize the producer (Douglas and Bonita Atkins) to use 1.3 CFS up to 96 AF/year of the Big Horn Conservation District water reservation. The water would be used to irrigate 30 acres in NW Section 32, T1N, R33E, Big Horn County.  | Big Horn Conservation District              | Sec. 32, T1N, R33E   |                   | Big Horn River                        | Big Horn      | 6/20/2014        |
| TAQA North Well  | Summer-Fall 2014 | Environmental Checklist  | Oil and Gas                  | The applicant proposes to drill an exploratory oil well on State of Montana land with State of Montana mineral ownership.   | TAQA North USA, Inc.                        | SE4, Section 36 Township 37 North Range. 55 East   | Common Schools    |                                       | Sheridan      | 6/19/2014        |

| Whitefish Trail Pavilion                       | June 2014    | Environmental Checklist        | Recreational Use             | The City of Whitefish has requested authorization to construct an outdoor learning pavilion and a series of interpretive trails, exhibits, and natural playscapes. The proposed pavilion would be located 7 miles northwest of the Whitefish Trail's Lion Mountain Trailhead and would be accessible by the Whitefish Trail. It is within the Beaver Lakes Easement held by the City of Whitefish on State ownership Section 34 T30N R22W, approximately 2.5 miles west of Whitefish.              | City of Whitefish                      | Section 34 T30N R22W  | MSU Morrill                    |  | Flathead      | 6/17/2014        |
| 43P-30069498                                   | n/a          | Environmental Assessment       | Water Rights                 | The applicant proposes to authorize the producer (Miles and Lora Torske) to use 8.0 CFS up to 1440 AF/year of the Big Horn Conservation District water reservation. The water would be used to irrigate 400 acres in T15, R33E, Big Horn County.   | Big Horn Conservation District         | Sections 20, 28 and 29, T15, R33E   |                                |  | Big Horn      | 6/19/2014        |
| Grosfield Alternative Practice                 | June 2014    | Environmental Checklist        | Forest Practices             | The Grosfield Alternative Practice EAC analyzes a request to operate equipment within the SMZ and harvest trees that have blown-down across class 1 stream segments near Lincoln, MT.  | Paul Grosfield                         | Township 14 N Range 9W Section 13   |                                | Spring Creek and an unnamed tributary to | Lewis & Clark | 6/18/2014        |
| 43P-30069494                                   | n/a          | Environmental Assessment       | Water Rights                 | The applicant proposes to authorize the producer (Uffelman) to use 2.0 CFS up to 170 AF/year of the Big Horn Conservation District water reservation. The water would be used to irrigate 20 acres in the SWSE Sec. 9 and 33 acres in the N2NE Sec. 16, T35, R33E, Big Horn County. The irrigation would use wheel line sprinklers.  | Big Horn Conservation District         | Sec. 9 and 16, T35, R33E, Big Horn County   |                                |  | Big Horn      | 6/18/2014        |
| Butcher Trust Timber Permit                    | June 2014    | Environmental Checklist        | Timber Sales                 | In accordance to MCA, 77-5-207, the Montana Department of Natural Resources and Conservation is proposing to commercially harvest approximately 100 MBF of Douglas-fir from approximately 30 acres of State owned land within T4N, R8W, Section 16. Additionally, there will be pre-commercial thinning on approximately 200 acres in this section. This proposed action is being undertaken as part of a multi-owner landscape level project <u>located above the Beaver Lakes State Forest</u> . | Sean Steinebach                        | T4N, R8W, S16   | Common Schools                 |  | Silver Bow    | 3/29/2014        |
| Spring Creek Coal Environmental Studies        | 6/30/14      | Environmental Assessment       | Land Lease/Land Use Licenses | Spring Creek Coal, LLC has requested that the DNRC Southern Land Office issue a Land Use License in order to permit the collection of environmental data on the subject Trust land.  | Spring Creek Coal, LLC                 | T9S, R39E, Section 16   | Common Schools                 |  | Big Horn      | 6/16/2014        |
| 41Q-30067331                                   | 12/31/2019   | Environmental Assessment       | Water Rights                 | The Applicant proposes to divert water from the Missouri River, by means of a pump, from April 1 – October 31 at 450 GPM up to 143.50 AF, for irrigation use from April 1 – October 31. The Applicant proposes to sprinkle irrigate crops on 57.4 acres via center pivot.  | Fowler, Mary T. Trust for Karen Jensen | T25N, R10E, Section 07  |                                | Missouri River                           | Chouteau      | 6/17/2014        |
| 43Q-30067817                                   | n/a          | Environmental Assessment       | Water Rights                 | This application proposes to divert 6 GPM up to 2.5 AF for lawn and garden.  | Robert and Anna Wilson                 | T1S, R25E, Sec. 20  |                                | Canyon Creek                             | Yellowstone   | 6/17/2014        |

| Proposed New Oil Wells - State 2-16, State 3-16 and State 10-16      | June 2014    | Environmental Checklist  | Oil and Gas                  | KeeSun Corporation has requested permission to drill three new oil wells on state land. These wells will be drilled into the Sunburst, Madison, Souris River Formations a total depth of around 4,300.00'. The proposed oil wells are located on land that is classified as agricultural. A small drilling pad will be constructed and a rig will drill a new well bore into the target zone. If sufficient quantities of oil are present, then commercial well sites will be developed.  | KeeSun Corporation                | Section 16, T36N, R1W  | Common Schools  |                                       | Toole       | 6/13/2014        |
| Proposed Oil Well - State 32-36                                      | Summer 2014  | Environmental Checklist  | Oil and Gas                  | Sands Oil - Lessee and operator has requested permission to drill an oil well on State Land. The well will be drilled into the Madison / Sun River Dolomite at a total depth of 3150 feet. The proposed wildcat well is located on classified grazing land. A 200' X 200' drilling pad will be constructed and a single rig will drill the well. If sufficient quantities of oil are present, then commercial well sites will be developed. If tests indicate that commercial quantities of recoverable oil are not present, then the well will be plugged and reclaimed in conformance with standards approved by the Montana Board of Oil and Gas Conservation. | Sands Oil Company                 | Section 36, T28N, R6W  | Common Schools  |                                       | Pondera     | 6/12/2014        |
| Hagenbarth Right of Way  | Summer 2014  | Environmental Checklist  | Right of Way/Easements       | Proponent has applied for a permanent 30 foot right of way (15 feet on each side of the centerline) to access deeded land owned by Hagenbarth Land Management LP in the NW ¼ of Section 15, Township 4 South - Range 9 West near Glen, Montana. The easement would be over an existing road. The easement amounts to approximately 0.46 acres of state land and is about 750 feet in length.  | Hagenbarth Land Management LP     | Section 16, Township 4 South - Range 9 West (Common School Section)                  |                 |                                       | Beaverhead  | 6/12/2014        |

| Deadman's Basin Supply Canal Diversion and Headgate Replacement Project | 5/30/2014          | Decision Documents       | Dams, Reservoirs, and Hydropower | The Deadman's Basin Water Project is supplied by diverting Musselshell River flows at the Deadman's Basin Diversion Dam. The dam is in very poor condition. This repair project involves construction of a new rock ramp diversion structure and installing four new slide gates. The DNRC concludes that the proposed action will not result in any significant impacts. The DNRC will adopt the draft EA as the final EA and proceed with the project as planned.                                     | DNRC, State Water Projects Bureau           | NW ¼, NW ¼, Section 8, Township 7N, Range 17E, Wheatland County  |                  | Musselshell River                     | Wheatland     | 5/30/2014        |
| Cooney Dam Outlet Weir Replacement and Instrumentation Project          | 6/2/2014           | Environmental Assessment | Dams, Reservoirs, and Hydropower | The measuring weir immediately downstream of Cooney Dam's outlet is 75 years old and needs replacement because it is severely dilapidated and in a state of eminent failure. The weir is essential for operating the dam safely and efficiently. This project replaces the failed weir with a new measuring structure and incorporates automated instrumentation to measure and record weir flows and reservoir elevation, making dam operation more efficient.   | DNRC, State Water Projects Bureau           | Carbon County - Township 4S, Range 20E, Sec. 25 and 36.  |                  | Cooney Reservoir, Red Lodge Creek     | Carbon        | 6/2/2014         |

| Stimson 4 Reciprocal Access Agreement - SWLO Portion | 4/2/2014            | Environmental Checklist  | Right of Way/Easements | The proposed action is a mutual swap (reciprocal) of road access easements across each other's property. The overall project involves lands in both DNRC SW and NW Land Offices. This EA document addresses the SW Land Office portion of the reciprocal access project.  | Stimson Lumber Company and DNRC        | T14N-R7W Section 1 T15N-R7W Section 36 T12N-R13W, Section 36 T17N-R26W Sections 10, 14 & 15 | Common Schools, Public Buildings |                                       | Mineral, Granite, Lewis & Clark, Powell | 4/2/2014         |
| Maurice Johnson Overflow Pipe LUL                    | May-June 2014       | Environmental Assessment | Agriculture            | Proponent is requesting permission to break ground and install an underground overflow pipe from the irrigation ditch in South 1/2 of the SW 1/4 of the SE 1/4 of this section. The proponent intends to use this overflow pipe in the case that the irrigation ditch is beyond its maximum capacity.   | Maurice Johnson                        | T4S-R22E, Section 16, S25W4SE4  | Common Schools                   |                                       | Carbon                                  | 5/5/2014         |
| Timothy Wodrich Spraying and Reseeding               | May 2014-June 2015  | Environmental Assessment | Agriculture            | Proponent is requesting permission to spray and reseed portions of the West 1/2 of this section. The proponent intends to spray a site that is predominantly Cheatgrass(Bromus tectorum) and then reseed the area with more productive grasses and alfalfa. The proponent also intends to spray a saline site and reseed it to saline tolerant grasses for better vegetative productivity. The proposed activity will encompass approximately 30 acres in total.                                  | Timothy Wodrich                        | T2N-R20E, Section 16, N2  | Common Schools                   |                                       | Stillwater                              | 5/5/2014         |
| Lipp Road Project - Pt Run Aggregate Permit          | 6/1/2014-11/30/2015 | Environmental Assessment | Other Minerals         | The proponent is requesting a Pt Run Aggregate Permit to remove borrow soil from State Trust Land Section 4, Township 15, Range 24E, S25W4. The borrow soil will be used for the SF 099 Reconstruct North of Laurel. HSIP 532-11618 road reconstruction project located on Secondary 532 (locally known as Lipp Road) for the State of Montana Department of Transportation. The proposed project will impact approximately 27 acres and remove approximately 130,000 cubic yards of borrow soil. | Wickens Construction, Inc.             | T15-R24E, Sec 4, S25W4  | Common Schools                   |                                       | Yellowstone                             | 5/5/2014         |

| Laubach Hayland Break Request                    | April 2014   | Environmental Checklist  | Agriculture            | The Surface lessees, have requested to break and farm approximately 450 acres of hayland. These lands were in CRP from 1989 to 2012. These lands were classified as hayland in 2013. These tracts were traditionally farmed for the purpose of small grain production in previous years.  | Ronald and Debbie Laubach            | Township 22 North, Range 2 East, Sections: 11(SW4), 14(NW4), 16(SE4)   | Common Schools              | None                                  | Cascade             | 4/1/2014         |
| Froid Rural Exchange, FFTP                       | Spring 2014  | Environmental Checklist  | Right of Way/Easements | Nemont Telephone Cooperative has submitted 4 Right of Way Easement Applications to install buried fiber optic telecommunication cable on/across State land in Roosevelt and Sheridan Counties. The proposed ROWs would include 8.9 acres across 4 tracts of State land (3.0 acres of grazing land, 2.4 acres of CRP land, and 3.5 acres of agricultural land).  | Nemont Telephone Cooperative         | S2 of Sec. 36 of T31N - R57E; SE4 & E2 of Sec. 16 of T30N - R56E; SE4SE4 of Sec. 21 of T29N - R55E; S2 of Sec. 16 of T30N - R58E | Common Schools              |                                       | Roosevelt; Sheridan | 4/1/2014         |
| Easement for Underground Telecommunication Cable | August 2014  | Environmental Assessment | Right of Way/Easements | Central Montana Communications is seeking an easement for the installation and maintenance of an underground telecommunications cable in Chouteau County. The proposed easement runs adjacent to an already established county road. The total acres in the easement are 7.778.   | Central Montana Communications, Inc. | T 22N R 10 E Sections 3,10,16,21.  | Common Schools; MSU Morrill | None                                  | Chouteau            | 4/1/2014         |
